RHODETATAMI

Over 40 years KWON

From 1976 onwards Taekwondo trainer Günther Schramm (4th Dan) imported and sold martial art goods through his company Schramm Sport.

In 1980, more than 40 years ago, **KWON**  was registered as a trademark.

Kwon USA Inc. was founded by Schramm Sport in 1993 and is based in Grand Rapids, Michigan.

Followed by the purchase of Sport Rhode with its well-known brands **DANRHO**® and **RHODETATAMI** in 1999.

Edmund Schramm (3rd Dan Taekwondo, 1st Dan Kick-Boxing) took over the business by the year 2006. The subsidiary company Kwon China was established shortly afterwards. Between 2010 and 2019 there followed the transformation of Schramm Sport into Kwon with the integration of Sport Rhode, as well as additional company acquisitions or foundations of the special brands “Fightnature”, “Legion Octagon”, “Kwon Professional Boxing” and our event and training brand “KWON Academy”.

In 2020, KWON celebrated its 40th anniversary.

We would like to take this opportunity to thank all our customers, partner associations and athletes for the trust and confidence you have shown in us. We look forward to the next years in which we are honoured to support you as a fair, reliable and competent partner.

We hope you enjoy leaf through the new complete catalogue of the KWON KG

Many greetings from Germany,

Edmund Schramm
and the entire Kwon team

Embroidery Service

We embroider belts individually with computer precision, e.g. with your full name, Dan grade and type of martial art. Choose a belt, a lettering style (A, B, C, D or E) and indicate the color of the embroidered text. Embroidered belts can only be dispatched for written orders and can not be exchanged.

Ju Jutsu Uniform Fight light 350

The Ju-Jitsu Uniform impresses with its high-quality workmanship and longevity. The 350 gram material of the jacket is very tear-resistant despite its low weight and makes gripping difficult, because it is particularly tight woven in the BJJ known Pearl Weave process. The Ju-Jitsu jacket is additionally reinforced at the chest, in the armpit and at the neck. The 9oz lace-up trousers are additionally reinforced throughout the knee area and woven in the particularly robust rip-stop process, which is visible in the form of woven small squares on the pants. The special, narrow BJJ cut of the suit still allows a high arm and leg room. The suit is produced according to the rules of JJIF and designed for Ju-Jitsu competition and training. Material: 100% Cotton.

Sizes: 160, 170, 180, 190
white

Art. No. 33 9070

Ju Jutsu Uniform Fight JJ 550

The Ju-Jutsu Uniform impresses with its high-quality workmanship and longevity. The 550 gram material of the jacket makes it difficult to grasp because it is particularly tight woven in the BJJ known Pearl Weave process. The jacket is additionally reinforced at the chest, in the armpit and at the neck. The 10oz traditional drawstring pants are additionally reinforced throughout the knee area and woven in the durable twill process, which gives the pants a smooth structure. The special, narrow BJJ cut of the suit still allows a high arm and leg room. The Uniform is produced according to the rules of JJIF and designed for JuJutsu competition and training. Material: 100% Cotton.

Art. No. 33 9061

Night Hunter

BJJ Uniform

The 450g Ju-Jutsu Uniform impresses with its high-quality workmanship and longevity. The 450 gram material of the jacket is very tear-resistant and makes gripping difficult, because it is particularly tight woven in the BJJ known Pearl Weave process. The Ju-Jutsu jacket is additionally reinforced at the chest, in the armpit and at the neck. The 200 g lace-up trousers are additionally reinforced throughout the knee area. The special, narrow BJJ cut of the suit still allows a high arm and leg room. The suit is produced according to the rules of JJIF and designed for Ju-Jutsu competition and training, for the highest demands..

KWON

Satin pants (100% Polyamide)

A sophisticated, professionally styled collection. Excellent workmanship. All pants have an 8 cm wide boxer-style waistband and an additional drawstring. The generous cut as well as a kick gusset ensure a high degree of movement. KWON satin trousers are made with a lap seam to protect the seams against tearing even when subjected to extreme stress. Allowance has been made in the overall cut for a groin guard to ensure a good fit and freedom of movement under realistic conditions.

Optimum punch absorption by special cover around filling

All training bags are supplied with a stainless-steel, chrome-plated chain for hanging and Punching Bag Joint. These punch bags are provided unfilled: please do not fill them with sand. Instead, use lightweight materials. (rags, sawdust, wadding etc.)

Standard punch bags

Made of black vinyl. The latest series offers an adapted, wrist-friendly foam insert. Punch bags are only sent filled on special request. For optimal performance of unfilled bags, do not exceed for filling weight:

100cm and 120cm = 50kg

150cm and 180cm = 70kg

Please, note this will entail higher transport costs for 150 and 180 bags.

All Punchbags are also available unfilled.

KWON

Training bag brown

Made of best cowhide in retro design with embossed KWON and fist logo.

KWON**Roll mat**

The KWON Roll mats are made of highly damping, 2,5 cm thick XPE foam. The specially processed vinyl has a surface pattern with the smallest grooves, which are not visible to the naked eye, but have strong anti-slip properties, which allow a high speed of entry of the athlete. In addition, the risk of mat burn is reduced. The mats are connected by means of Velcro on the sides of each mat. The Roll mat is 7,5 meters long, 1,5 meters wide and 2,5 cm thick. Rolled up they have a diameter of 70 cm.

The mats can be customized (cut to size). For an area of 7,5m x 7,5m you need 5 mats.

black

Guard Selfdefence Armour PLUS CE

An additional layer of soft foam (approx. 1,5" thick) was added to the padding of the Self Defence armour. This does not only result in an improvement of fit of the armour, it also results in a better shock absorption of the padding in general.

This high-quality Codura armour suit has been developed in collaboration with SD specialists to provide full protection. Thick inner material consists of laminated foam sections which offer optimum cushioning yet excellent freedom of movement. Extra-long, tough Velcro fasteners enable suit to be adapted to different sizes. Fine adjustment of size is possible using connecting straps between individual items. Full-protection suit comprises following items: chest protector, groin guard, upper arm and forearm guards, thigh and shin guards. One size fits all.
Black **Art.No. 40 001 05**

KWON

Stretch fabric guards.

Safety is the most important requirement in any sport. KWON elbow, knee and joint guards are made of durable, elasticized bandage-type fabric, offering an additional degree of support. A 10 mm layer of foam padding over problem areas reduces the risk of bruising. Cotton material does not irritate skin and can be washed up to 30°C. Sold in pairs.

KWON

Boxing Gloves Super Champ

The top product of the successful KWON Champ series for Kickboxing with super foam core that optimally adapts to fist. This premium model was developed with the Steko Martial Arts Center specifically for use in the kick and Thai boxing competition.

Weight: 8oz, 10oz

Black-white

Blue-orange

Art.No. 40 030

Art.No. 40 031

Sparring offensive glove

Made from 100% of the best cowhide. The glove features particularly thick protective padding on the front of the target area. The slender form of the glove invites to penetrate the defensive cover of the opponent. This glove is therefore perfect for offensive boxing athletes who hit a lot and hard during their sparring sessions.

The comfort inside is excellent with enough padded space for the bandaged hand.

With pre-curved of the foam in form of a fist. With Velcro fastener.

Available in 12oz, 14oz and 16oz

Art.No. 81 40 040

Sparring defensive glove

Made from 100% of the best cowhide. This is a heavily padded glove. The resulting shape of the glove is therefore perfectly suited for more defensive boxing athletes who want to build a tight cover and protect themselves optimally. The glove is also particularly suitable for Kick- or Taiboxing, with the gloves to ward off high kicks to the head.

In addition the hit area is heavily padded as well. The inside is extremely comfortable featuring enough soft space that adapts to the hand-wrapped or bandaged hand. The pre-curved of the foam form allows for easy closing of the fist. With Velcro fastener.

Available in 12oz, 14oz, 16oz and 18oz

Art.No. 81 40 041

Boxing Gloves for Competition

The gloves are made of high quality genuine leather and horsehair-like components. With a fixed thumb and lacing at the wrist. The extra-slim design allows all fighters an easy break through of their opponent's cover. The ergonomic shape of those boxing gloves helps to fix a better hand position within each strike. Not completely sutured at the inside thumb and fingertips. The gloves ensure a perfect and long-lasting shock absorption. For professional boxers only in 8oz and 10oz.

White-gold/8oz, 10oz **Art.Nr. 81 40 035**

Black-gold/8oz, 10oz **Art.Nr. 81 40 036**

Red/8oz, 10oz **Art.Nr. 81 40 043**

Black/8oz, 10oz **Art.Nr. 81 40 044**

Inner Gloves

Made of 100% cotton. Ideal for training and competition.

KWON

Anti - odor spray

In the CFC-free pump spray (250 ml) are spores that „eat up„ the odor source completely. Likewise, a new formation of odor is minimized. The product can be used in boxing gloves, protective equipment, sports bags, shoes, etc..

Odor removal with immediate depth effect in 30 seconds!

Art.No. 90 020 60

KWON

Leather and Synthetic Leather Cleaner

KWON leather and synthetic leather cleaner is a fluid that does not act chemically, but physically, making it absolutely skin and environmentally friendly. The cleaner is label-free and tested by Dermatest with very good skin compatibility. It does not contain any aggressive and flammable alcohols. Ideally suited for cleaning training equipment, protectors and shoes on non-absorbent, smooth surfaces.

Simply spray on, wait 60 seconds, rub clean.

Contents: 250 ml

Art.No. 90 020 62
